How to access Veeam's Industry Standards and Certifications

To view Veeam's standards and certification documents, there are two options:

1. Access via Veeam's Compliance Portal

1. Go to Veeam's Compliance Portal.
2. Log in to your Veeam MyAccount, if you are not already logged in.

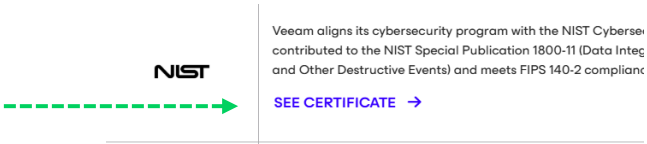
   Don't have an existing account? *Follow the steps onscreen to quickly create one.*
3. Read and accept the Veeam NDA to access the documents on the Compliance Portal.

OR

2. Access via Veeam's Trust Center

1. Go to **Veeam's Trust Center,** which can be found on the Veeam website.

2. To access **publicly available documents**, click on **"SEE CERTIFICATE".**



NIST
Veeam aligns its cybersecurity program with the NIST Cybersec
contributed to the NIST Special Publication 1800-11 (Data Integ
and Other Destructive Events) and meets FIPS 140-2 compliance
